AUTOGRILL INCREASES ITS PRESENCE IN THE BALI AIRPORT WITH 6 NEW STORES

- New contract in Bali Airport, Indonesia, worth 34 million euros in 6 years
- This is the second contract awarded by Autogrill in this airport in a few months

Milan, 1 September 2021 – **Autogrill Group (Milan: AGL IM)**, through its subsidiary HMSHost International, has been awarded a new contract to open another six stores in I Gusti Ngurah Rai International Airport in Bali, Indonesia.

The **contract**, which is expected to yield over 34 million euros in 6 years, involves the opening of **six new stores** in the international and national departures and arrivals areas, and is in addition to the award of five stores for five years as announced in last May.

With these new contracts HMSHost International will have 12 stores in Bali Airport, in order to meet the needs of over 25 million passengers a year. From the most famous global brands, such as Pizza Hut, to the locally popular ones, such as The Coffee Club and High Tide Bar, an accurate selection of concepts and brands will fulfil the needs of the many travellers flying to and from Bali and will confirm the role of the airport as a key hub for tourism in the island.

Bali International Airport has been named Best Airport in Asia Pacific, Best Customer Service in Asia Pacific and Best Infrastructure and Facilitation in Asia Pacific within the group of airports with 15 to 25 million passengers, in an Airport Service Quality (ASQ) survey of the Airports Council International.
